## Send BNB (Smart Chain) to MetaMask Wallet

- 1. Open MetaMask and ensure the 'Smart Chain' Network is selected (top right).
- 2. Click on the address to copy.

<u>Note</u>: this address is the Smart Chain BNB receive address that you will be sending your BSC BNB to. **The address must begin with 0x if it doesn't you have selected a network other than the BSC!**

3. On your exchange (this tutorial uses Binance) select the Fiat and Spot Wallet.

4. Select **BNB** and then click **Withdraw.** 

Fiat and Spot	t				Deposit Withdraw Pay Transfer
iat and Spot balance 👁	× .			Spot balance	Fiat balance
Q. Search Coin	Hide Small Balances	Convert Small Balance to BNB			1 B
Coin =	Total 🕫	Available 5	In Order ÷	BTC Value 0	Action
S BNB	0.58279647	0.58279647	0.00000000	0.00643699	Buy Deposit Withdraw Trade Earn Convert

5. The withdrawal screen contains multiple parts that need to be correct. These are:

Withdraw Cryp	to

1 💻	BNB BNB		Ŧ
Withdraw to	New Address	Address Book	Address Management
	Address Book		
	Trust-Wallet BSC		•
2	Address 0xdF		E5f3C
3	Network BSC Whitelist • Whitelis	sted	
Withdraw amount	Amount	8000000 BUSD/80000	00 BUSD 24h remaining limit ①
4	0.52		MAX BNB
	Spot Wallet	0.58279648 BN	NB ≒ Transfer
		UDND	
Receive amount 5	0.51950000 BNB 0.0005 BNB network fee included ①		Withdraw
			6 🥌

- i. Ensure BNB is selected
- ii. Ensure the address from your Trust wallet has been pasted here, this can be done via the address book feature or by pasting the address directly into the address field.
- iii. The selected network must be BSC
- iv. Type in the amount of Smart Chain BNB you wish to withdraw or click the max button if you wish to transfer everything held in the exchange wallet.
- v. Check the receive amount that will arrive in your Trust Wallet, noting it includes fees.
- 6. Once you have confirmed everything is correct click **Withdraw** and authenticate and validate the withdrawal.
- 7. The withdrawal status can be viewed on the withdraw page of the exchange.
